

The King's Ken

02 NOVEMBER 2017

Thank
you!

This will be the last King's Ken for the year and I'd like to take the opportunity to extend a big thank you to parents for being faithful supporters of Christian education and for entrusting your children to our teachers.

We have just had an outstanding production that not only brought the whole student body onto the stage, but also brought together families in our community for a rare time of fellowship. How good it was to see Christian men and women celebrating their children of different ages and acknowledging the Gospel message. The good news of Jesus Christ, our hope of glory.

SOME MORE GOOD NEWS:

Mr. Conrad Botha has been promoted from HOD to Deputy Principal. Mr. Botha has consistently shown himself to be a faithful servant of The King's School West Rand who is able to lead others to excellence in education to the glory of God. As a school, we value his commitment to shaping disciples of Jesus that will impact the workplace in a redemptive way, through his Godly example and wise counsel.

Another new appointment is that of Head Teacher in the Preschool, Mrs. Cathy Moore. Together with Head Teacher in the Nursery School, Ms. Bronwyn Thomson, we are planning to create an Early Childhood

Development Centre that will optimize early learning through a pedagogy of play and skills based learning. The ECD Centre will be housed at the eastern end of the property, where the former Graceview school, which has been purchased by The King's School, and the current Nursery School are situated.

FINALLY, I WANTED TO PROVIDE AN UPDATE ON THE SWIMMING POOL PROJECT:

1. Mr. Kobus Coetsee of Inventas Projects has been appointed as the project manager to oversee the process.
2. Mr. Howard Johnston of Johnston Architects has drawn up the site plan, including main pool, learn-to-swim pool, pump room and surrounds.
3. Mr. Herman van der Mast of BD Pool Services has been appointed to prepare the tender specifications and oversee the tender process.
4. C-Plan Structural Engineers have been

appointed to deal with the scope of work regarding the engineering specifications.

5. Water Dimension International have been appointed to deal with the hydraulic design of the swimming pool's filtration and chemical treatment systems.

We apologize that it seems to have taken so much time to start with actual construction, but it has been important to finalize many consultations with professionals, planning meetings regarding swimming pool specs

and the tender documentation.

Our project manager has estimated that construction will begin in February 2018.

Parents, may your year end be productive and restful, and may God grant you peace.
