**MR. CONRAD BOTHA IS A DEPUTY PRINCIPAL AT THE KING'S SCHOOL WEST RAND. HE OVERSEES THE EXTRA-MURAL PROGRAMME AMONG HIS OTHER DUTIES.**

A big part of the learning process at school is achieved through the Extra-Mural programme - sport and cultural activities. Our school's vision is Excellence in Education to the Glory of God, and this extends to the complete educational package. Why do we want every child in our school to participate in extra-mural activities?

Certain skills and character traits can be developed in class but some really need a different environment or activity. The majority of a child's academic school day is dedicated to improving and developing himself but not necessarily within a community context. The extramural programme allows for development of other essential skills for a child's future success.

- Teamwork and true friendship** (What I do effects the team – either negatively or positively. There is an expectation to show commitment because it is not about only me, but together we develop shared goals and mission).
- Leadership** (I develop other-awareness, learning what my team-mates strengths and weaknesses are).

- Perseverance, humility and resilience** (I'm competing against bigger fish, so I learn to deal with loss, how to compete with a healthy attitude, and as a team we work through tough times together).

- Good health** - Mental, emotional, social and physical. (When I exercise, my activity helps release stress whether it is in the arena of drama, art, chess, or sport).

- Discover talent and build confidence** (Academics are not the only area of my development, I find out other strengths that I have been blessed with).

- Meet learners from other schools.** (I can learn from people from different places).

- Time management** (Top achievers are often involved on many levels at school).

- Discipleship** ( I have the opportunity to flourish, impress, have fun, be creative, challenge myself to be better, my coach influences the conversations we are having and guides our thinking).

- Building relationships** (on the sports field or cultural activity, I develop a deeper relationship with my teacher outside of just subject content).

The list above reflects dreams that we all have for our children. As parents, we should have an expectation that they will be involved in the Extra-Mural programme where some of these dreams can be realised.

**Mr. Conrad Botha**  
*Deputy Principal*

# Prayer Day

We were blessed with great weather on the day, a cool morning, and perfect for our assembly on the sports field. We started our day with a whole school gathering led by Pastor Ashley Augustine, who shared on our theme "FIRST FRUITS: PUTTING GOD FIRST". After a short gathering we split into our different phases and continued with individual phase activities.

Our prayer is that the children will always remember what they learned by 'Putting God First'.

"If our hope in Christ is for this life alone, we are to be pitied more than all men. But in fact, **Christ has been raised from the dead. He is the first of a great harvest** of all who have died."

- 1 Corinthians 15:20

We would like to congratulate two very talented and passionate athletes who had the opportunity to represent Roodepoort at the D12 Athletics Championships on Wednesday, 16 February.

Hailey-Jade Taylor at High Jump - u10

Due to some obstacles on the day, they both received a bronze medal at this prestige event but unfortunately just fell short of qualifying to represent our District at the Gauteng Championships.

Nevertheless, we are still very proud of their achievements.
